

## On the Subject of Complicated Buttons

*It's like normal buttons but... more complicated.*

- There are 8 buttons around the outside. Each button is coloured.
- There are 4 LEDs in the centre. Each LED can either be off, blue, or red.
- Use the venn diagram below to deduce which of the tables on the page should be used.

	Exactly one blue LED
	Exactly one red LED
	1 or more D-type batteries
	Total of numbers in serial code is even
